

H MEMORY WALK/LEGACY PROVIDER

We have an option, for those with a deep love of their place, to facilitate a legacy investment. We invite you come on a Memory Walk with us around your place (only available where there are existing *Squilometre* projects) and record your memories as we walk. We will then edit and present your memories in a professional format for you and your family to keep forever and we'll guide you through making an in memoriam Gift to your *Squilometre*, ensuring that community building and connecting activity continues in that place.
