

I EVENT ATTENDEES

Every street project ends in a whole-community celebration. The Street Pod will distribute invitations to everyone who lives in their neighbourhood. These celebrations have taken the form of roving performances, star-gazing events, photography exhibitions, tea-parties, lantern parades, guided heritage trails and street dances – the Pod decides! No charge is ever made to attendees but there will always be opportunity for you to make a voluntary, pay-it-forward gift to allow the next street project in your area to happen. That Gift will go around and around in your *Squilometre*, bringing neighbours out to celebrate together, re-connecting them with their place.
