

K PAY-IT-FORWARD SUBSCRIBERS

Most of what we do is offered up for free. We never charge anyone to attend a community celebration event and we give any project product, like place-based trail guides, away.

We also create online Place-Based resources - from the Home Resource Packs to the Street Packs that come with a free online course.

We engage in daily conversations with all of our communities online, sharing resources and information and connecting people.

If you've enjoyed any of these things and would like to ensure that EVERYONE can be connected regardless of their place or their ability to pay, then we ask you to Pay-it-Forward so that we can continue to deliver our free services to all.
