

N ASSOCIATE ARTISTS

All street celebrations are decided by the Street Pod and are facilitated by the *Squilometre* Champion but often they will decide that they need to commission a professional participatory artist or other expert to help them realise their plans. We hold a bank of participatory specialists who can be commissioned by the community in this way. There is a Consultant's Agreement and you will be required to attend Induction and work within Interwoven's Policy framework including DBS clearance. Fees will be negotiated with you on an individual basis. The better relationship you build with your communities the more potential there is for repeated commission.

Time commitment per commission

Average hrs/week	Frequency	Duration
4	By arrangement	Average 1-2 months
